WHEREAS, it is the mission of the Grant County Commission, West Virginia to provide for the safety and security of our county citizens, to include providing direct law enforcement and emergency management/911 functions, as well as communications support to all county Fire and EMS agencies;

WHEREAS, the Grant County Commission believes that the National Radio Quiet Zone (NRQZ), whose regulations were first adopted in the late 1950's has not kept pace with the modern wireless communications tools used by first responders and our citizens;

WHEREAS, the NRQZ is an ever-growing unfunded federal mandate on our county emergency services/911 operation wherein it causes us to spend large amounts of funding building a larger number of tower sites than would be needed absent the NRQZ restrictions;

WHEREAS, the Grant County Commission believes that the NRQZ Agencies should fully fund and support filtration of unwanted signals at the head-end of the NRQZ-Agency equipment and not by unfunded mandates of reductions and nulls of signal imposed on the public safety, cellular and satellite internet providers;

WHEREAS, the NRQZ inhibits widespread growth of commercial cellular/wireless systems throughout Grant County, thereby greatly diminishing the use of AT&T First Net and similar systems by first responders and commercial cellular systems by our current and prospective citizens, businesses, and tourists, all to the detriment of our economic well-being;

WHEREAS, well-prepared and vibrant communities are not restricted in any way by the NRQZ. Being in close proximity to Green Bank Observatory and Sugar Grove Research Station, Grant County is highly-impacted in a negative and unfunded way by the NRQZ, placing us at an unfair disadvantage to areas outside the NRQZ, with no consideration or support from the federal government.

NOW, THEREFORE, BE IT RESOLVED, that the Grant County Commission shall voice its opposition to continued enforcement of NRQZ restrictions absent significant federal funding to allow us to better meet said restrictions; further

BE IT RESOLVED that the Grant County Commission prefers dissolution of the NRQZ. Absent such dissolution, Grant County Commission fully supports total waivers of any NRQZ restrictions imposed on Public Safety Radio Frequency Bands currently in use, as well as all the commercial cellular/wireless Bands, and commercial satellite internet providers, such as Starlink, throughout the NRQZ; and

BE IT FURTHER RESOLVED that the Grant County Commission shall convey its opposition to the NRQZ and its request for immediate federal assistance to the members of the United States Congress and Executive Branch.

This resolution shall take effect immediately upon adoption and entry thereof.

IN WITNESS WHEREOF, the Grant County Commission has caused this Resolution to be adopted on this 24th day of September, 2024.
